Editorial

VICTORIA MAY BE PROUD

WE are well aware that pride often provokes calamity. We know, too, that pride can be as dangerous as quicksand. And we respect the proverb which warns that pride goeth before a fall.

We know all of these things. But we believe that there are times when a small modicum of pride can be justified—and we think that this is one of those occasions.

Hence we say that Victoria can be proud of itself in everything connected with the visit to Melbourne of that wonderful Scottish team HEART OF MIDLOTHIAN.

And here are some of the reasons:

1. Executive Directors of the Hearts have told Victorian officials that the playing surface at Olympic Park is the finest that they have seen anywhere, with only one exception. The exception is the field that was especially prepared for the 1956 Empire Games at Vancouver.
2. Players and Directors of the Hearts have stated that the Victorian team gave them their hardest game of the tour.
3. Attendances at Melbourne have been the highest of the tour.
4. And Back-stage arrangements for the Hearts have been declared the best of the tour.

It was because of these reasons that, when national and visiting officials sought a venue for a match to take the place of a Sydney fixture which had been unavoidably cancelled, they selected Victoria—and Olympic Park.

And we now have the pleasure of watching the Hearts take another bow here on Sunday, June 7th.

We repeat — VICTORIA MAY BE PROUD!

LONDON STORES THE SOCCER SPECIALISTS

PARS FROM THE CLUBS

The match Box Hill v. Juventus should be most interesting. Last year Juventus scored the equalising goal in the 89th minute of the game, and with the decline of Juventus this year, strong hopes are entertained in the Box Hill club that they may this year "humble the mighty."

★ ★ ★

Sandringham City revelled in the near perfect playing conditions at Croydon. The 6-3 score indicates the smooth flow of play that followed.

★ ★ ★

The return of four Essendon regular forwards this week should bring the side back to full strength after a brief lapse of form over the last few weeks. (Is it possible that teams not to be supplied with referees could be notified of the fact during the week so that other arrangements may be made?)

★ ★ ★

South Melbourne United have Peter Hathaway and Colin Brady out for several weeks with knee injuries. Bill Annealey is doubtful with a calf muscle injury, and Eric Heyes off training for the past three weeks with a shoulder injury, could cause the local Derby at Middle Park to be closer than it has been for several years.

★ ★ ★

Ron Ruth, left-back, and Dick Jennings, outside-left, were both absent from Sandringham's line-up in the game against Croydon. The two players were suffering from the after effects of influenza. Two new reserve team players showed out well last week against Coburg—Don Hawkins, ex-Brighton junior centre-forward, and Malcom Campbell, a local junior.

★ ★ ★

The team changes introduced by coach, Angus Drennan, in the Box Hill and Wilhelmina game caused quite a few surprises.

Tommy White, after a trial in the forward line, was returned to his old position as right-back, and proved his value in that position.

Honan moved from left-back to outside-left and showed a good turn of speed.

Beggs, moved to inside-right from right-half, gave a good display in his new position, whilst Drennan, moving from centre-half to right-half, valiantly battled to effect some cohesion in the forward line.

Pat. Smith was the best player for Box Hill, and it is suggested that if the rest of the forward line would move up with the ball, and indulge in positional play, these changes would bring results.

★ ★ ★

The Sandringham Club will hold a dance on Saturday, June 20, at the Dispensary Hall, Sandringham. Parties from other clubs will be made doubly welcome, and further details can be obtained from club treasurer, Geoff Dobb, at XU 4307.

★ ★ ★

Another improvement on Slavia's Port Melbourne ground is the installation of lights, which will enable the team to practice for longer periods in the evening.

★ ★ ★

In their match against Lions-Hayduk, Coburg had to field four reserves, due to the 'flu and injuries. Coburg players are delighted with the table tennis, darts, etc., provided for their entertainment by the committee.

★ ★ ★

Slavia has two junior teams, playing under the name and in the colours of St. Kilda—in the Under 14 and Under 18 age groups. Both teams are doing well in their respective sections. The Under 14 team has not lost a match yet, and their goal average of 32-4 speaks for itself. The Under 18 team lost only two games so far, and they are amongst the 3 top teams. Their goalie, Nicky van Egmond, who is the son of the State League goalkeeper, is the youngest goal-keeper in the section.

★ ★ ★

If Sandringham defeat Moorabbin next game, they will have survived the first round of games without dropping a point—a club record.

Norlane goal-keeper, F. Trubendorfer, is leaving for Holland shortly. The Club wish him the best of luck.

Ten Commandments for Soccer Players

1. Thou shalt not have too much to say during the match.

2. Thou shalt not think thyself possessed of all the knowledge of the game, or that thou art the best player in the team; nor that the game will stop if thou absenteth thyself therefrom.

3. Thou shalt not take the name of the poor old Ref. in vain, for the Council will not hold him guiltless that talketh to the Ref. profane.

4. Remember that thou keep knocked in the nails in thy boots, six times thou mayst look at them and find them O.K., but the next time the Referee may look, and finding some exposed, will send thee off the field.

5: Honour they opponents and their supporters, that thy name may be spoken well of by lads that playeth both for and against thee.

6. Thou shalt do no swearing.

7. Thou shalt not handle man or ball without permission.

8. Thou shalt not push, kick, strike, hold, trip, or jump at thy opponents, nor do anything which thou wouldst object to them doing unto thee.

9. Thou shalt not make false appeals against thy opponents.

10. Thou shalt not covet nor desire other teams' players, nor the medals which their skill hath won.

Shouldst thou not be able to keep all these Commandments both on and off the field, keep thyself away from a game which can do much better without thee.

Soccer Round-Up from U.K.

By J. M. Cook

✦ Newcastle manager, Charlie Mitten, former Wolverhampton star has two sons on the ground staff at Tyneside.

Sixteen-year-old Charlie recently joined and older brother, John, has already played in the Newcastle League side.

✦ During the 1958-1959 soccer season 12 Scotland players were transferred to English clubs to the value of £155,000.

✦ Chief coach at the S.F.A.'s summer coaching school for the second successive year was former Scotland player and now manager of Bury—Davie Russell.

✦ During the past season Charlton Athletic players were given a weekly session of road work.

They were taken seven miles from the club's ground by bus and then had to walk back.

✦ East Fife manager, Charlie McCaig, has adopted a new club policy.

In future he will concentrate on signing an all-Fife side.

✦ Billy Wright, the English captain, who chalked up his 100th international cap in the recent game against Scotland, reckoned it was one of the easiest nationals despite the fact that England only won 1-0.

✦ Aston Villa, relegated to the English Second Division, have signed Burnley regular full-back, Doug. Winton, at a big fee.

✦ Preston North End recently signed Dundee forward, Davie Sneddon, for £12,000.

✦ Arsenal manager, George Swindon, favours £30 per week for Division 1 players.

The maximum at present is £20.

✦ Preston North End did not supply one player for the recent England v. Scotland game.

This is the first time for 23 years that no P.N.E. player has taken part in a Wembley old firm national.

✦ Jimmie Logie, former Arsenal star inside-forward, who for the past few years has been playing for Gravesend, the Southern New League club, has retired from football and will concentrate on his pub.

✦ Chelsea inside-forward broke the club's goal-scoring record and Bob Wittingham's 48-year-old record this past season.

✦ Arthur Milton, who toured Australia with the English cricket side this season, played soccer with Arsenal and was capped for England against Austria in 1952.

✦ Going down! In 1957 Portsmouth were 19th position in Division I, in 1958—20th position, and this season were 22nd position (bottom) and relegated.

✦ Willie Terris, Hib.'s director, was vice-president of the Scottish Football League last season.

Midway through the season he was defeated at Hib.'s A.G.M., but joined Second Division Club, Cowdenbeath, as a Director and thus retained his position in the Scottish League.

✦ The second longest serving player in Scotland is Andy Young, of Raith Rovers, who has played around 460 for the Fifers.

A first team regular for years, Andy is the player managers dream about, for he has played every position except goal and outside-left.

✦ Gordon Smith, of Hibs, has over 700 appearances.

✦ Since 1954 Celtics have tried 17 centre-forwards.

✦ Arsenal paid Swansea Town £40,000 for the transfer of Welsh internationalist, Mel. Charles.

Notes

HOW TO MASTER BALL CONTROL (2) — DRIBBLING

The natural way to dribble is by a series of short, quick taps from one foot to the other, the ball being propelled by the "inside" of the foot. No player, however, should rest content until he can dribble with the "outside" of the foot. To the novice it may prove difficult at first, but with practice it will be found that a more delicate touch can be acquired by using the outside. Moreover a player who can use both the "inside" and the "outside" can keep his opponent guessing as to the direction of his pass up to the very last moment. To dribble with the outside of the foot the toe must be well turned in, and the ball is kicked, or rather pushed, with the outside of the little toe. The beginner should practice by himself until his ankles become so flexible that he can dribble along a straight line, i.e., the touch line, without allowing the ball to be pushed outwards by the foot. The chief points to remember are (1) "Coax" the ball, rather than kick it; (2) Never let the ball run away; keep it within a yard of the foot; (3) Keep the body forward and head over the ball, but while watching the ball spare half an eye for your opponents; (4) Dribble straight, i.e., as far as possible parallel to the touch-line, except when cutting in towards goal or deliberately dribbling across the field preparatory to making a reverse pass to the opposite wing, or to bring your wing man "from whom you are dribbling away." This last is most useful, for you will get the defence moving the wrong way.

When straight-forward dribbling has been mastered, a useful trick may be practised as follows: Dribble with the inside of the feet, but now and again while feinting to play the ball with the inside of the foot, let the foot pass completely over the ball and deliver the next tap with the outside of the same foot. Successful dribbling depends largely upon the poise of the body. Try to cultivate "swerve," i.e., swaying the upper part of the body slightly to one side or the other, yet continuing to run traight ahead.

SECOND DIVISION NOTES

North . . .

It will be interesting to see if the visit of Hearts last week-end will help to improve the standard of play of clubs in this League. Hearts showed us team work and if the clubs endeavour to improve their play through this medium alone, Soccer will improve.

To-day University and Moonee Ponds meet at Royal Park in what should be the best match of this round. Moonee Ponds are the favourites to win and must do so to have any chance of gaining promotion. Both University and Moonee Ponds last Saturday week played very poorly; University losing a point to Fairfield, and Moonee Ponds scraping home against Williamstown by the only goal of the match. University should be fit, but will be seriously handicapped by the absence of right-winger, David Lee, and may lose a close match.

The leaders, Fiorentina, meet Essendon in what should be a good match. Essendon's loss last Saturday week was not their true form and I expect them to improve somewhat on that showing, and even though I tip Fiorentina to win, they will have to play ninety minutes of football to do so. In an interetsing match, Fairfield, second last on the ladder, meet Collingwood, fifth, at Fairfield, and I feel that the very unlucky Fairfield team should win. They were unlucky not to win against the "Students."

At Deer Park, I am favouring the home team, I.C.I., to beat a vastly improved Heidelberg. In the remaining game, St. Albans meet Williamstown at St. Albans. Williamstown will probably win, and should once again emphasize that they are a team to be reckoned with against any of the top teams in the League.

By DON SUTHERLAND

Although Sandringham appear firmly established at the head of affairs, several teams are closely contesting second place on the ladder and to-day's games are vital to the chance of some of these clubs. Bayswater, who travel to Oakleigh, cannot afford to drop any points at this stage. They have been defeated on only two occasions this year, and it would not be beyond Bayswater to cause an upset against Oakleigh, although form favours the Italian club on their home ground.

The match of the day should be the encounter between Ferntree Gully and Austria at Brenock Park. On recent performances Austria cannot be faulted and have a very strong line-up, and although Ferntree Gully play best when facing good opposition, I anticipate a narrow decision in favour of Austria.

Moorabbin are not having a very good season and should find Sandringham City too strong today particularly as the visitors are keen to avenge their 6-2 defeat in the equivalent fixture last year, and will be maintaining full pressure throughout the game.

Frankston should restore their confidence and collect two badly-needed points at the expense of Rosebud, who have now lost four consecutive games, dropping from 1st to 7th place on the League ladder. F.N.D. are now showing much improved form and should be untroubled to defeat Croydon. Depending on the result of other games a victory for F.N.D. could lift them three points on the ladder.

Notes

HOW TO MASTER BALL CONTROL (2) — DRIBBLING

The natural way to dribble is by a series of short, quick taps from one foot to the other, the ball being propelled by the "inside" of the foot. No player, however, should rest content until he can dribble with the "outside" of the foot. To the novice it may prove difficult at first, but with practice it will be found that a more delicate touch can be acquired by using the outside. Moreover a player who can use both the "inside" and the "outside" can keep his opponent guessing as to the direction of his pass up to the very last moment. To dribble with the outside of the foot the toe must be well turned in, and the ball is kicked, or rather pushed, with the outside of the little toe. The beginner should practice by himself until his ankles become so flexible that he can dribble along a straight line, i.e., the touch line, without allowing the ball to be pushed outwards by the foot. The chief points to remember are (1) "Cross" the ball, rather than kick it; (2) Never let the ball run away; keep it within a yard of the foot; (3) Keep the body forward and head over the ball, but while watching the ball spare half an eye for your opponents; (4) Dribble straight, i.e., as far as possible parallel to the touch-line, except when cutting in towards goal or deliberately dribbling across the field preparatory to making a reverse pass to the opposite wing, or to bring your wing man "from whom you are dribbling away." This last is most useful, for you will get the defence moving the wrong way.

When straight-forward dribbling has been mastered, a useful trick may be practised as follows: Dribble with the inside of the foot, but now and again while feinting to play the ball with the inside of the foot, let the foot pass completely over the ball and deliver the next tap with the outside of the same foot. Successful dribbling depends largely upon the poise of the body. Try to cultivate „swerve," i.e., swaying the upper part of the body slightly to one side or the other, yet continuing to run straight ahead.
